

I am so tired of all the corrupt and dishonest methods being used to fool and lie to the American People.

This Anti-Kerry Documentary has no place airing prior to such an important election.

I also feel the commercials that have been allowed to air should have restrictions that they be factual before being aired. They are all so mis-leading.

I will, as will my friends and family, boycott Sinclair Broadcasting along with any advertisers who continue on with Sinclair. As well as campaign against any politician that allows this type of thing to go on.

Sincerely;
Catherine Conger
